Fed. R. Bankr. P. 8014(a) 1

ARGUMENT

I. The appellee's response does not answer the first issue

Placeholder text: the reply addresses the appellee's standard-of-review argument. The reply states the point once and cites the body of the principal brief rather than repeating it. Fed. R. Bankr. P. 8014(c) requires that the reply comply with the table requirements of Rule 8014(a)(2)-(3).

Placeholder paragraph. The appellee treats the court's discretion as unlimited. The reply explains that discretion is limited by the governing legal standard, which the appellee does not dispute.

II. The record does not support the appellee's account

Placeholder text: the reply corrects the appellee's description of the record and cites the record at each point.

CONCLUSION

For these reasons and those in the opening brief, the appellant asks the Panel to reverse and remand.

Respectfully submitted,
